CHRISTMAS MUSIC AT THE UNITED CHURCH

The choir gave several numbers from the Cantata, "Chimes of The Holy Night" in the service on Christmas Eve. Severe colds made it impossible to give as much as was prepared. A good attendance gave an appreciative hearing and the inspiration of good fellowship, all made for an enjoyable service.

XMAS CONCERT AND PARTY

Mrs. Cowling held her Xmas concert and party for the members of her school with relatives and friends, last Friday afternoon and evening. Under the capable direction of Mrs. George Bennie who has taken charge of the school, a creditable program of songs, drills and recitations was given in the beautifully decorated schoolroom. Santa came to distribute presents. All were served a hearty and delicious lunch. Some time was spent in singing carols and playing games. Friends commented upon the noticeable results of the training of the scholars during the year. The school work on display was of high quality; the sense of rhythm and accurate timing in the choruses and drills evidence of painstaking and efficient work on the part of Mrs. Bennie.

COUNCILLORS TIME EXPIRES

Councillor Chris Asmussen's term on the Village Council expires in January. At the time of going to press, we have not learned whether or not Mr. Asmussen will stand for re-election. He has been a valuable member of the council for a number of years, and it is a question if the citizens should change at this time if he will allow his name to stand.

The World of Wheat

By H. G. L. Strange

The victory over the German pocket battleship, the "Admiral Graf Spee", by three light British cruisers will have a far-reaching effect upon the duration of the war, and also upon the export of wheat overseas.

The three German pocket battleships, the "Admiral Graf Spee", the "Deutschland", and the "Admiral Scheer" were built specifically to destroy convoys of ships carrying food

CHRISTMAS TREE AT THE ANGLICAN CHURCH

Parents and friends were greeted by an excellent program of piano solos, recitations and two plays, put on by the children of the Anglican Sunday School last Thursday evening. The result showed much hard work on the part of the children and their instructor, Mrs. A. D. Currie.

Supper was served by some of the ladies to the children and their parents. At the conclusion of the entertainment, Santa appeared and was in an unusually hilarious mood. He dispensed Sunday School prizes and gifts to the children and grownups.

Mrs. Bishop and Gordon Urquhart of Calgary, spent Christmas with Mr. and Mrs. Wm. Urquhart.

stuffs and other materials.

Not only have these three pocket battleships sunk a number of vessels, but what has been of greater concern they have prevented many Allied convoys of ships carrying wheat and other products from leaving port. It has now been found, however—something hardly suspected—that three small British cruisers can effectively deal with a pocket battle ship. The menace, therefore of the surviving "Deutschland" and "Admiral Scheer" is almost ended; the safety of convoys consequently is much better assured, hence more convoys—escorted by small light cruisers—will sail, and so more wheat will leave Canada.

The fact that the menace of the pocket battleships—an arm upon which Germany has depended—has now become greatly lessened, will no doubt tend to hasten the climax of the war and so will tend to bring ultimate peace a little nearer.

Human tongues perceive sweets quickest, salty things second, sour things third, and bitter tastes last of all.

Thursday December 28th 1939

With the passing of 1939 we look back with pride at many of the outstanding events in the year that made history. 1939 will long be remembered as the year our Beloved King George VI and Queen Elizabeth of England were our guests. This event was the most brilliant, which gave Canadians the opportunity to see for ourselves our King and Queen. Our love for the mother land has been greatly increased which the activities of the latter part of the year shows when the heart of the Empire is at war.

Have you been on a trip? Have your friends from out of town visiting you? Do you know of any happening or unusual event that others would enjoy reading about? The Chronicle wants the news of the town and district and would appreciate your interest and assistance. Just call in or drop a note to the office.

Get your printing done in your home town. The Chronicle can give you quick and efficient service and the quality of our work is second to none. The Chronicle is at your command day in and day out; an established local firm. If you appreciate a printing plant and newspaper in your town, don't buy your printing requirements from outside companies.

wore and asked me what it cost. But he never said a word about the money he had lost.

He was with me twenty minutes chuckling gaily while he

stayed.

O'er the memory of some silly little blunder he had made. He reminded me that tulips must be planted in the fall.

But calamity and tragedy he mentioned not at all.

I thought it rather curious when he had come and gone.

He must have had some tales of woe, but didn't pass them on.

For nowadays it seems to me that every man I meet,

Has something new in moaning and misery to repeat.

So when I wrote these lines of him who had his share of woe

But still could talk of other things and let his troubles go.

I was happier for his visit—in a world that's sick with doubt

'Twas good to meet a man who wasn't spreading gloom about.

The Bituma teacher was heard stating a married lady for the Cremona picture show, but we understand it is only for a chaperon.

The Honorable William Franks is spending his Christmas holidays at the Oldfields, Balzac. Before he left, he brought into effect a new employment scheme which calls for 28c per week and 2 eggs per day, if the hens lay.

There will be a dance on New Year's morning, beginning two minutes after twelve, in the Water Valley hall. Red Coats of Carstairs will play till six o'clock. Bring your own pop.

The Bituma Christmas tree was held at Water Valley on Friday with a good crowd, and was enjoyed by all.

Edmonton — Estimates to be presented to the next session of the legislature are in preparation, the various departments of administration having received the annual call from provincial treasurer Solon E. Low. As 1940 is normally an election year, it is anticipated that the usual vote for election purposes will be included in the estimates.

While no date has yet been announced for the sessions opening, observers believe that no great diversion from former dates will be evident. Incidentally, the annual convention of the Alberta Social Credit League, which is held prior to the session, has been set for January 17 and 18 in Calgary.

SEED FAIR TIME HERE AGAIN

District Seed Fair will be held at Lethbridge January 5th and 6th, and at Calgary, January 11th and 12th. The District and Provincial Seed Fair will be held at Edmonton January 17th and 18th.

Regular prize money of over \$600. is offered for each District Fair while an additional \$700. prize money may be awarded at the Provincial Seed Fair. A novice class in each of wheat, oats and barley is open to new exhibitors.

There is an abundance of good grain in Alberta and it is hoped that all classes will be well filled. Alberta exhibitors took the majority of grain awards at Chicago. It is significant that Championships and many other top awards have been won by active or former Junior Grain Club members. Although there are special classes at Alberta Seed Fairs for junior exhibitors this does not prevent them showing in the open competitions.

One explanation for the success of young exhibitors is that they have learned while members of Junior Clubs that it is entirely necessary to use good seed to produce exhibition grain. They have learned also that the show sample must be carefully prepared and that it is almost impossible to obtain a show sample unless the bin run is of high quality.

Exhibitors in the Registered or Certified Seed Division must have at least 50 bushels of grain on their farm of a quality equal to the half bushel placed in competition. Application to exhibit in this division must be made to the Dominion Seed Branch, Calgary or the Field Crops Branch, Edmonton, at least two weeks before the fair. This allows fieldman time to obtain a representative sample. Exhibitors in the Registered or Certified Seed Division must show field inspection reports.

Preparing the Show Sample

Uniform and relatively large size grain is important. The colour should

be bright and lustrous. Samples should have a high weight per measured bushel and all foreign grains, weeds, dirt and chaff should be removed. As much cleaning as possible should be done with the fanning mill before finishing with a hand screen.

Prospective exhibitors may send an envelope sample of grain to the Field Crops Branch, Edmonton, for examination to determine the sizes of screens best suited for preparing the sample. The necessary hand screens be secured from the Field Crops Branch, Department of Agriculture Edmonton.

The bulk weight of oats may be increased by polishing in a cotton sack to wear off long hulls. Care should be exercised not to split hulls or to expose the kernels. Broken hull fragments should be screened out and green kernels ought to be removed.

Barley samples should be bright. Be careful not to break the barley hull but work off the awns to a uniform length.

Bright uniform colour, even size plumpness and freedom from all impurities, are the chief factors considered when judging any seed exhibit. Judges are expert in discovering foreign varieties.

ONCE UPON A TIME

Fairy Tales which will live forever — and which are especially appreciated by younger children — such is the program which we offer over CFAC, starting January 1st, running Monday through Saturday at 5:15 p. m.

Such characters as "The Old Woman in the Shoe", "The Snow Queen", "Aladdin and his Wonderful Lamp", "Puss in Boots", "Jack, the Giant Killer", and many, many other characters, with master characterizations, clever lyrics, and captivating, original music, to entertain you every evening.

Be sure to tell the Kiddies about this and have them listen. It's one of those 'must listen' programs and brings to the kiddies over the air what Walt Disney brought to them on the silver screen — a truly wonderful Christmas story.

HIGHWAY SIGNS OUT NEXT SPRING

The minister said the signs will be placed on all main roads that have been permanently located or in process of completion.

Officials of the A.M.A. have been keeping in touch with the government for some in regard to the proper marking of highways. The province has been of the full co-operation of the association in regard to obtaining a proper type of road signs and placing them at the best possible locations.

During the past season, the Edmonton branch of the A. M. A. has itself erected 400 signs on secondary highways or dirt roads connecting with the main routes.

An adequate system of up-to-date road signs will be particularly needed next year when the tourist movement to this province will show a big gain, in the opinion of A. M. A. officials.

Household Hints

Store carving knives carefully otherwise they are likely to be dulled in rubbing together. The ideal knife for hot meat should have a stiff thin blade about nine inches long. A more flexible blade may be used for cutting cold meats.

A thin layer of hard sauce lends a pudding touch to cold pumpkin pie. It is especially effective on pies baked in square or oblong pans.

The preferred way to add the liquid to biscuits is to make a "well" in the sifted dry ingredients and pour the liquid in all at once. The time required for mixing is usually about twenty seconds or until the mixture follows the spoon.

This sliced bread, spread with cheese and rolled, makes dainty tid-bits to serve with fruit or vegetable salads. Toast the tiny rolls just before serving and bring them to the table hot.

Cover cold meat slices with leftover mashed potatoes. Place in a shallow baking dish. Add gravy. Heat in the oven.

Dough that has been kept in the refrigerator for several hours after it is moulded should stand in a warm room for about 20 minutes before putting it into the oven.

Office workers catch 9 times as many colds as outdoor workers.
